**MORBİLYA**

Today, Our commercial activities continue to contribute our country's and the world's economy on 7 different branches, in 4 various sectors with 50 years experience since 1971 as a part of Orallar Group Co. Carries out its service manner with the motto "We Grow Together!", Orallar Group operates with more than 250 employees in the fields such as Ready-mixed Concrete, Aggregate, Construction, Furnishings, Automation Systems and Green-Tech Agriculture.

We've started to produce as a constituent of Orallar Group with DNA Design Company, by setting up our atelier of modern kitchen furnitures. With the importance on the quality of the manufacturing, we have increased our investments on technology too. Without conceding on our principles and values, we succeeded to be an equipped and a strong substructured brand by putting quality and our customer's pleasure in the first place.

As MORBİLYA, our aim is to design and offer products and services to put value on our customer's lifes with our strong existence and creative solutions. In this journey, we progress with determined steps on the target of making our customers meet stylish, effective and assertive modern designs which are suitable for their needs and expectations.
